## Bridge

This love is a blaze

I saw flames from the side of the stage

And the fire brigade comes in a couple of days

Until then we got nothing to say and nothing to know

But something to drink and maybe something to joke

Let it go until our roads are changed

Singing we found love in a local rave

No, I don't really know what I'm supposed to say

But I can just figure it out and hope and pray

I told her my name and said, "It's nice to meet ya."

And then she handed me a bottle of water filled with tequila.

I already know she's a keeper

Just from this one small act of kindness I'm in deep

If anybody finds out

I'm meant to drive home but I've drunk all of it now, not

Sobering up we just sit on the couch

One thing led to another

Now she's kissing my mouth
