When I see you again

Damn, who knew?

All the planes we flew

Good things we've been through

That I'll be standing right here talking to you

About another path

I know we loved to hit the road and laugh

But something told me that it wouldn't last

Had to switch up

Look at things different see the bigger picture

Those were the days

Hard work forever pays

Now I see you in a better place

How could we not talk about family when family's all that we got?
